

# Your 24/7 AI Workforce

## Unified Data Platform (UDP) & AI Studio

- ✦ Connects to 50+ EHRs, ERP and payer systems
- ✦ Harmonizes EHR, claims, labs, pharmacy, SDOH, and other clinical, operational, and financial data
- ✦ Low-code studio for custom AI agent and workflow design

## Agentic AI Applications For FQHCs

- ✦ **Private AI Copilot**  
A secure, private "SkyChat" for your team - instantly answers questions including connecting to your internal data.
- ✦ **UDS Reporting**  
Fully automates UDS data capture, aggregation, and submission for accuracy and compliance.
- ✦ **Medicaid Optimization**  
Closes Medicaid quality gaps and streamlines risk scoring to maximize incentive payments.
- ✦ **Care Gap Closure**  
Identifies and closes care and quality gaps, including chronic condition recapture, within workflows.
- ✦ **Medicaid Re-determination & Uncompensated Care**  
Identifies renewal opportunities, guides patients through re-enrollment, and minimizes lapses in coverage and uncompensated care.
- ✦ **Grant Compliance**  
Automates documentation and evidence tracking for all grant-funded initiatives.
