Your

Workforce For Regional Health Systems

Unified Data Platform (UDP) & Al Studio

- ◆ Integrations to 50+ EHRs, ERP, RPM, SDOH and payer core systems
- → Harmonizes EHR, claims, labs, pharmacy, SDoH, and other clinical, operational, and financial data
- ★ Low-code studio for custom workflows and agent development

Agentic Al Applications

→ Private Al Copilot

A secure, private "SkyChat" for your team instantly answers questions including connecting to your internal data.

→ Medicaid Re-determination & **Uncompensated Care**

Identifies renewal opportunities, guides patients through re-enrollment, and minimizes lapses in coverage and uncompensated care.

Eligibility & Benefit Verification

Automates real-time checks for coverage and plan details, reducing billing errors and speeding up onboarding.

→ Operational Analytics

Delivers real-time dashboards and analytics to monitor trends, track metrics, and drive continuous improvement.

- ★ All-in-one pricing: platform, modules, integrations, and support

Business Impact: Real Results For Regional & Rural Health Systems

Reduction In Care Management And

Administrative Costs

20-30%

Reduction In Uncompensated Care

Reduction In Manual Reporting Time

Saved Per Month For Care Team

ROI & Financial Impact Estimates

→ Annual Labor Cost Savings

Regional and rural health systems typically save between 10-15% cost in administrative and care management labor through process automation, documentation, and compliance reporting.

→ Productivity Gains

Typical deployment delivers 1–2 full-time equivalent (FTE) savings per 50 care management staff.

→ Quality Incentives and Penalty Avoidance Health Systems 365 helps clients achieve up to 30% increase in quality incentive payments and avoid CMS penalties through proactive gap closure and documentation

support. **→** Revenue Cycle Improvement

Automated claims, risk adjustment, and patient eligibility workflows result in faster reimbursement and up to 5% annual increase in captured revenue for midsized systems.

Our business partners who have been involved are ecstatic about what's available now, compared to what they couldn't do before. It's a success story that we can build on as we grow and expand into other areas.

Wayne Haddad CIO, Central City Concern
