Your
24/7
Workforce For Provider Groups

Unified Data Platform (UDP) & AI Studio

- ✦ Connects to 50+ EHR, ERP, and payer systems, harmonizing all clinical, operational, and financial data.
- ✦ Low-code AI Studio for custom automation workflows and agentic AI apps.
- ✦ Seamless interoperability across major systems for end-to-end integration.

Agentic AI Application Suite

Front Office Automation

- ✦ **Eligibility & Benefit Verification:** Real-time coverage checks to reduce billing errors and faster onboarding.
- ✦ **Prior Authorization & Appeals:** Accelerated request processing, status tracking, and denial management.
- ✦ **Referral Management:** Minimized leakage, faster provider matching.
- ✦ **Scheduling Optimization:** Maximize provider capacity and reduce no-shows.
- ✦ **Private AI Copilot** A secure, private "SkyChat" for your team - instantly answers questions including connecting to your internal data.
- ✦ **Virtual Front Desk** Automates scheduling, follow ups, intake, screening, and insurance verification.
